hearing provided for in this section shall be combined as part of the development application hearing held before the reviewing board. The Commission shall be given notice of the hearing and its members or representative shall be allowed to ask questions, request information and present evidence to the reviewing board relating to the relocation. The Commission shall further be accorded the opportunity of making a recommendation to the reviewing board as to whether or not the relocation should be allowed.

H. Advice regarding nonhistoric properties.

(1) The Commission also serves in an advisory capacity in the review of plans referred by the Planning Board, [~~Zoning Board of Adjustment~~] or Township Committee pertaining to the exterior appearance of structures that are not historic landmarks and not within a historic district. The purpose and intent of this additional role of the Commission is to assist other Township boards in their review capacity, where development is proposed in close proximity to areas and/or structures of historic significance or because the owners or applicants desire to construct improvements with historic design and character. The goals of the Commission are to advise applicants on how to amend and improve designs rather than to impose individual design choices on any specific proposal.

(2) No change.

(3) When plans are referred to the Commission by the Planning Board [~~or Board of Adjustment~~], the referral should include the timing schedule for the submission in order to enable the Commission to make its review and, if necessary, meet with the applicant to discuss adjustments, within the timing framework for the submission, the dates of public hearings, Planning Board [~~or Board of Adjustment~~] meetings, etc.

I. No change.

§190-241 [~~Membership, appointment, organization.~~] RESERVED

~~[A. The Zoning Board of Adjustment shall consist of seven members and four alternate members; the method of appointment of such members shall be as follows: The terms of the regular members shall be four years. The Township Committee may appoint four alternate members who shall be designated by the Township Committee as Alternate No. 1, Alternate No. 2, Alternate No. 3 and Alternate No. 4, as appropriate. Alternate members may participate in discussions of the proceedings but may not take place in a decision in order that a regular member may vote instead of an alternate. In the event a choice must be made as to which alternate may vote, the alternate members shall vote in the order of their numerical designation. The term of each alternate member shall be two years; however, not more than two alternate members shall expire in any one year. No member may hold any elective office or position under the Township. No member of the Board of Adjustment shall be permitted to act on any matter in which he has either directly or indirectly any personal or financial interest. A member may after public hearing if he requests, be removed by the Township Committee for cause. A vacancy occurring otherwise than by expiration of term shall be filled for the unexpired term. Each year in the month of January, the Board of Adjustment shall elect a Chairman and Vice Chairman from its members and select a Secretary who may or may not be a member of the Board of Adjustment or a Township employee.~~

~~B. If the Board of Adjustment lacks a quorum because any of its regular or alternate members is prohibited by Section 56 of P.L. 1975, c. 291 (N.J.S.A. 40:55D-69) from acting on a matter due to the member's personal or financial interest therein, Class IV members of the Planning Board shall be called upon to serve, for that matter only, as temporary members of the Board of Adjustment. The Class IV members of the Planning Board shall be called upon to serve in order of seniority of continuous service to the Planning Board until there are the minimum number of members necessary to constitute a quorum to act upon the matter without any personal or financial interest therein, whether direct or indirect. If a choice has to be made between Class IV members of equal seniority, the Chairman of the Planning Board shall make the choice.]~~

§190-242 Additional Powers.

The Planning Board [~~of Adjustment~~] shall possess the following additional powers when exercising traditional Board of Adjustment powers:

A. - B. No change.

C. Where by reasons of exceptional narrowness, shallowness or shape of a specific piece of property, or by reason of exceptional topographic conditions, or by reason of other extraordinary and exceptional situation or condition of such piece of property, the strict application of any regulation of this chapter would result in peculiar and exceptional practical difficulties to, or exceptional and undue hardship upon the developer of such property, grant, upon an application or an appeal relating to such property, a variance from such strict application of such regulation so as to relieve such difficulties or hardship including a variance for a conditional use; provided, however, that no variance shall be granted under this subsection to allow a structure or use in a district restricted against such structure or use. [~~and provided further that the proposed development does not require approval by the Planning Board of a subdivision, site plan or conditional use in conjunction with which the Planning Board shall review a request for a variance pursuant to this chapter.~~]

D. No change.

(1) No variance or other relief may be granted under the terms of this section unless such variance or other relief can be granted without substantial detriment to the public good and will not substantially impair the intent and purpose of the zone plan and zoning provisions of this chapter. An application under this section may be referred to any appropriate person or agency, [~~including the Planning Board pursuant to this chapter,~~] for its report, provided that such reference shall not extend the period of time within which the [~~Zoning~~] Planning Board [~~of Adjustment~~] shall act.

(2) No change.

§190-243 [~~Costs and expenses.~~] **RESERVED**

~~[A. The Township Committee shall make provision in its budget and appropriate funds for the expenses of the Board of Adjustment.~~

~~B. The Board of Adjustment may employ, or contract for, and fix the compensation of legal counsel, other than the Township Attorney, and experts and other staff and services as it shall deem necessary, not exceeding, exclusive of gifts or grants, the amount appropriated by the Township Committee for its use. In the interest of uniformity of development, the Township Engineer shall serve the Board of Adjustment in his field of expertise.]~~

§190-244 **Appeals and applications.**

A. Appeals to the Planning Board [~~of Adjustment~~] may be taken by any interested party affected by any decision of an administrative officer of the Township based on or made in the enforcement of the zoning provisions of this chapter or Official Map. Such appeal shall be taken within 20 days by filing a notice of appeal with the officer from whom the appeal is taken specifying the grounds of such appeal. The officer from whom the appeal is taken shall immediately transmit to the board all the papers constituting the record upon which the action appealed from was taken.

B. A developer may file an application for development with the Planning Board [~~of Adjustment~~] for action under any of its powers without prior application to an administrative officer.

§190-245 [~~Time for decision.~~] **RESERVED**

~~[A. The Board of Adjustment shall render a decision not later than 120 days after the date:~~

~~(1) An appeal is taken from the decision of an administrative officer; or~~

~~(2) Upon which an application is deemed complete.~~

~~B. Failure of the board to render a decision within such one hundred twenty day period or within such further time as may be consented to by the applicant shall constitute a decision favorable to the applicant.~~

~~C. Inquiries as to whether a proposed land use is permissible under the zoning provisions of this chapter or official Zoning Map shall be submitted in writing to the Board of Adjustment which shall issue a written response within 45 days after the next meeting following receipt of the request or within such additional time as may be consented to by the inquirer.]~~

§190-246 Modification on appeal.

The Planning Board [~~of Adjustment~~] may reverse or affirm, wholly or in part, or may modify the action, order, requirement, decision, interpretation or determination appealed from and to that end have all the powers of the administrative officer from whom the appeal is taken.

§190-247 Stay of proceedings by appeal; exception.

An appeal to the Planning Board [~~of Adjustment~~] shall stay all proceedings in furtherance of the action in respect to which the decision appealed from was made unless the officer from whose action the appeal is taken certifies to the Planning Board [~~of Adjustment~~], after the notice of appeal shall have been filed with him, that by reason of facts stated in the certificate of stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed other than by an order of the Superior Court upon notice to the officer from whom the appeal is taken and on due cause shown.

§190-248 Other powers of Planning Board [~~of Adjustment~~].

A. Sections 190-244 through 190-247 of this chapter shall apply to the power of the Planning Board [~~of Adjustment~~] to:

- (1) - (2) No change.

~~[B. The Board of Adjustment shall have the power to grant to the same extent and subject to the same restrictions as the Planning Board subdivision or site plan approval pursuant to Articles V, VI and VII (§190 31 et seq.) of this chapter or conditional use approval pursuant to Article XIX (§190 191 et seq.) of this chapter whenever the proposed development requires approval by the Board of Adjustment of a variance pursuant to §190 242D. The Board of Adjustment shall have the power to relax~~

~~and or waive any provision of Chapter 142, Environmental Impact Statements, to the same extent that the Planning Board may do so. The developer may elect to submit a separate application requesting approval of the variance and a subsequent application for any required approval of a subdivision, site plan or conditional use. The separate approval of the variance shall be conditioned upon grant of all required subsequent approvals by the Board of Adjustment. No such subsequent approval shall be granted unless such approval can be granted without substantial detriment to the public good and without substantial impairment of the intent and purpose of the zone plan and zoning provisions of this chapter. The number of votes of Board members required to grant any such subsequent approval shall be as otherwise provided in this act for the approval in question, and the special vote pursuant to the aforesaid §190 242 shall not be required.~~

~~C. Whenever an application for development requests relief pursuant to Subsection B of this section, the Board of Adjustment shall grant or deny approval of the application within 120 days after the date upon which an application is deemed complete or within such further time as may be consented to by the applicant. In the event a developer submits separate consecutive applications this provision shall apply to the application for approval of the variance. The period for waiting or denying any subsequent approval shall be as otherwise provided in this chapter. Failure of the Board of Adjustment to act within the period prescribed shall constitute approval of the application and a certificate of the administrative officer as to the failure of the Board of Adjustment to act shall be issued on request of the applicant, and it shall be sufficient in lieu of the written endorsement or other evidence of approval, herein required, and shall be so accepted by the county recording officer for purposes of filing subdivision plats.~~

~~D. Whenever review of approval of the application by the County Planning Board is required by Section 5 of P.L. 1968, c. 285 (N.J.S.A. 40:27-6.3), in the case of a subdivision, or Section 8 of P.L. 1968, c. 285 (N.J.S.A. 40:27-6.6), in the case of a site plan, the Township Board of Adjustment shall condition any approval that it grants upon timely receipt of a favorable report on the application by the County Planning Board or approval by the County Planning Board by its failure to report thereon within the required time.~~

~~E. An application under this section may be referred to any appropriate person or agency, including the Planning Board pursuant to §190-18 of this chapter for its report; provided that such reference shall not extend the period of time within which the Zoning Board of Adjustment shall act.]~~

[~~F.~~] B. When acting upon an application, the Planning Board [~~of Adjustment~~] may, based upon the record before it, place a reasonable time limit within which construction allowed by the granting of the application must be completed.
