

FREEHOLD TWP. CONSTRUCTION DEPT

SIGNS

Replacement sign – A construction permit and a sign permit application through the Zoning Office is required.

Illuminated signs – If using the same electrical connection, an electrical permit is not required. If the installation requires “new” electrical connection and/or wiring, an electrical permit will be required.

New sign - Construction permit and a sign permit through the Zoning Office is also required.

Illuminated signs – Will require an Electrical permit and wiring diagram.

Construction permit application

- ❑ Complete permit application; jacket, building subcode, electrical- if applicable, and certificate application.
- ❑ Survey to show location of sign (if freestanding)
- ❑ Two sets of sealed drawings for proposed sign.

Sign permit application/Zoning application

- ❑ Complete application.
- ❑ One set of sealed drawings for proposed sign.
- ❑ Survey to show location of sign (if freestanding)
